

Products & Services Update

December 11, 2017

TO: All Members

SUBJECT: Enhanced Collateral Detail Report Now Available

An enhanced Collateral Detail Report is now available on Bank4Banks®. The new Report provides members with summary information, detailed CUSIP-level information about FHLBank pledged securities collateral and detailed loan information for pledged loans.

The Report is available to all members and can be accessed by selecting the Collateral Home tab in Bank4Banks and clicking on the “Collateral Detail Report” icon on the right side of the screen.

As a reminder, the Qualifying Collateral Report (QCR) submission process will also be updated starting with the fourth quarter 2017 reporting cycle, which begins in January. Members can view a [QCR webinar for banks](#) or a [QCR webinar for credit unions](#) to preview the new QCR input page and learn more about the new process. More details on this will be shared next month. If you have any questions about these collateral updates, please contact your Relationship Manager or call the Bank’s Product Delivery Service Center at 800-288-3400, option 2.

“Bank4Banks” is a registered trademark of the Federal Home Loan Bank of Pittsburgh.
