

Term-Out Tuesdays Extended! Great Rates Now Available Through Year-End

Members now have more time to take advantage of great advance rates through the end of the calendar year. Each Tuesday morning through the remainder of 2020, members have the opportunity to access term advances at reduced borrowing rates. On the remaining Tuesdays in 2020, between 9:30 a.m. and noon, our members will have access to our best advance rates, specific to terms of two or more years, for fixed-rate and SOFR-based adjustable-rate advances.

Please call us to learn more about applicable future-dated disbursement options and other advance details.

As always, our current advance rates are available on Bank4Banks® at approximately 9:30 a.m. each business day. If you would like to discuss advance pricing, we encourage you to contact your Business Development Manager or call FHLBank at 800-288-3400, option 2.
